Reel up in the clouds on that Sunday's sunset you taught me how
 Took a drive up the mountain, yeah, we can look down on our own little island
 Made me feel so comfortable with each moment that went by

I wanted to show you my love for the very first time

So you really wanna? So we really gonna? Can't believe we both feel this way now
 Yes Yes So we gonna try it, No more tryna hide it, Just let it go and let our
 Yes emotions take control
